THE ONE AND ONLY

Natura Onecoat

MAINTENANCE **OIL**

Description: Maintenance Oil is a high-quality maintenance and protection oil designed for the care and renovation of wood surfaces previously treated with oil finishes. It refreshes the color, restores luster, and reinforces protection without the need for sanding.

Color: Clear

General Features:

Reinforces the existing oil protection layer.

Enhances color depth and natural look of the wood.

Easy to apply and maintain.

Excellent wear and water resistance.

VOC-free, friendly formulation.

Could be used on all wooden surfaces.

Packaging: 250 ml

Tecnical Specifications:

Basis	:	Mixture of natural oils and waxes
Physical form	:	Liquid
Density	:	Clear: 0.90-0.95 g/cm^3
Drying Time	:	6 – 8 hours (touch dry) at 20°C and 50% RH
Coverage	:	150 – 200 m²/L (depending on wood type)
VOC (2004/42/CE,1999/13/CE)	:	0 g/l
Resistance to water (NEN-EN 13442)	:	No visual or tangible changes.
Resistance to wear	:	High abrasion and scratch resistance.
Shelf life (5-35°C):	:	1 year for unopened can

Surface Preparation:

Ensure the surface is clean, dry, and free from dust, oil, wax, and previous finishes.

For previously oiled surfaces, clean with Natura Onecoat Soap or Surface Cleaner.

Sanding is not required unless the surface is heavily worn or contaminated.

Application:

Stir the oil thoroughly before use.

Apply a small amount of oil evenly with a cloth, sponge, or polishing pad.

Allow 10–15 minutes for absorption.

Wipe off excess oil with a clean cotton cloth.

Allow to dry for at least 6–8 hours before use.

Ensure adequate ventilation during drying.

It takes 6 days for full cure.

Note: Always perform a test patch before full application.

Safety Precautions:

Cloths that are soaked with oil may spontaneously combust. After usage, wash the cloths with water before disposal!

Keep away from heat and open flame.

Do not smoke while applying the product.

Use adequate ventilation.

Refer to the Safety Data Sheet (SDS) for detailed safety information.

Keep out of reach of children!

In case of eye contact, flush thoroughly with large amounts of water. Get medical attention if irritation persists. If swallowed, call hospital emergency or physician immediately.
